Which is more consistent with the conclusion that some degree of tampering occurred. So, basically, the scientific proof of tampering hinges on a literal coin flip between the pressure gauge that generated a higher reading and the pressure gauge that generated a lower reading. Apart from the very real problems inherent to the NFL using pressure gauges that generate such dramatically different readings for akey postseasongame, the justification used to assume that Walt Anderson used before kickoff the gauge that makes tampering more likely doesn feel like the outcome of a scientific experiment. It feels like an effort to work backward to justify a predetermined conclusion. None of this changes the fact that Larry and Curly exchanged text messages that point to a pattern of tampering during and prior to the 2014 season.
