The NFL doesn't want its teams tanking. It has gotten ugly in the NBA and NHL in recent seasons with teams trying to lose games to secure a top draft spot. It's not done quite as often or as open in the NFL, but there's always a risk. It no different than anyone in society. If we knew there was a legit chance we could earn a few thousand bucks by joining a lawsuit against a beer, or energy drink making citing unknown long term damages from consuming them. You know darn well you try to get a piece of that pie..

The knee joint is a hinge joint but unlike the hinge joint in the elbow which only allows flexion and extension the knee joint also can pivot as well. An ACL injury can occur on the anterior cruciate ligament which is between the joint. It can also. Chapter 22 Knee Injuries The knee is a complex joint which can flex and extend for movement and is a weight bearing joint.
