Rasmus likely won't equal last year's salary again after a dismal 2016 season, but while he might not get back to his kony ealy jersey career high.276 batting average set in 2010 and '13, he's certainly a more capable hitter than his career low.206 mark in '16 suggests. The outfielder may have been a tad unlucky with a.257 batting average on balls in play, far below where his career.298 ross martin jersey BABIP stood coming into the year. What's more, Rasmus hit the same rate of barrels in 2016 1.2 percent as in 2015, per Statcast Still in his prime at age 30, Rasmus could return to his 20 to 25 homer form.

29. Los Angeles RamsThe Rams are a weird stack of skill position talent. Todd Gurley should be better, but they have a block first wide receiver (Robert Woods), a hands first tight end (second round pick Gerald Everett, a former basketball player) and a weapon who isn't actually a

weapon in Tavon Austin.

The network added a third night of programming, on Mondays, at the start of the 1989 90 television season, a season that heralded the start of a turnaround for Fox.
