"We just kind of fell apart in a sense," said Rivers, who was 20 of 36 for 227 yards and a touchdown that will be mostly forgotten. "What we talked about the last four games, not turning the ball over and getting takeaways we were the opposite of that. We turned it over too many times..

They are cheaper than a lot of the receiver gloves, too.the problem with receiver gloves is that they are too tacky. With the whole surface being

one giant grip pad, they are pretty awful in wet conditions as they get extremely slick. If you get dirt or small rocks in there the pads basically make them work like a ball bearing.

A lot of Ball's baskets in the half court at the rim were assisted, which indicates his ability to move off the ball along with his struggles creating his own shot off the dribble. On the defensive side of the court, Ball is adept at forcing turnovers, but he does not have the overall impact that his physical tools would suggest. Ball struggles at times containing dribble penetration against quicker guards, which was particularly exposed against De Fox, who exploded for 39 points against him in the NCAA Tournament.
