This alignment is generally used when the defense is trying to confuse the offense by applying different blitz pressures on the offense while playing mostly zone or sometimes man coverage. This alignment is rarely seen in the NFL[why?], but is used by many high schools to counterattack the spread offense scheme. Boise State, West Virginia, BYU, and Arizona have used this formation with success in college football.

It was in 1893 that LSU first sponsored a football team. The Tigers were coached by university professor Dr Charles E. Coates against in state school Tulane University of New Orleans. The T swept college and pro football. The T was the first offense in which the quarterback took the snap from under center and then either handed off or dropped back to pass.[4] Other offenses used the QB (usually called the "blocking back") primarily as a blocker and the snap usually went to a dennis byrd jersey halfback jeremy clark jersey or tailback.[5] The quarterback under center makes offenses very unpredictable since it is difficult to predict the play called based on formation alone. Second, the T allowed running backs to receive the hand off from the quarterback and hit the "hole" at near full speed.[6] This allowed more complex blocking schemes and gave offenses a temporary, but significant advantage.

At 8 8, the Redskins would lose a tiebreaker by virtue of their head to head win over Arizona this season. With Carson Palmer's retirement, the Cardinals certainly need a QB. Other teams picking behind the Cardinals Chargers at 17, Bills at 21 and 22 and Jaguars in the late 20's know this and could look for a trade up partner.

The veto prompted many of the city's black ministers to oppose the referendum; they felt it was immoral for the city lawrence thomas jersey to build a new arena when city employees weren't paid enough to make a living.[11] After the referendum failed, city leaders devised a plan to build a new arena in a way that did not require voter support, but made it known that they would not even consider building it unless Shinn sold the team. While even the NBA acknowledged that Shinn had alienated fans, league officials felt such a demand would anger other owners.[12] The city council refused to remove the statement, leading

the Hornets to request a move to New Orleans a move which would eventually return the NBA to that city since the Jazz moved to Salt Lake City in 1979. Before the Hornets were eliminated from the playoffs, the NBA approved the move.
