Following two straight home victories. Manning and the Giants obtained their fourth consecutive victory with a 31 10 defeat of the Atlanta Falcons in the Georgia Dome on Monday Night Football.[71] Manning performed well, completing 27 of 39 passes for 303 yards along with a pair of touchdowns while giving away two interceptions.[72] Behind a dominant defensive effort, the Giants improved to 5 2 the next week with a 33 15 win over the San Francisco 49ers.[73] Manning played well again, throwing for two touchdowns in the effort. In week eight of the season, the Giants played a road game against the Miami Dolphins on October 28, 2007, in London's Wembley Stadium.[74] Manning only threw for 59 yards in the rain and mud, but he scored the Giants' only touchdown on a 10 yard run.[75] This touchdown was the first in an NFL regular season game that was played outside of North America. The Giants defeated the Dolphins, 13 10, bringing the Giants to a 6 2 record at the mid way point of the 2007 season.[75] After losing to their division rivals the Dallas Cowboys in week 9,[76] New York Giants co owner John Mara publicly questioned Manning's ability to lead the New York Giants in 2007 but more importantly in the future:[77]The only thing we evaluate is 'Can we win with this guy?' Jay Cutler Cutler had a hot start to the season but last weekend against a surprisingly strong Lions D had 3 INT. The Saints this year have enjoyed having Sean Peyton back with the team but perhaps more beneficial has been Rob Ryan and his impact chad hansen jersey on the Saints D. New England is going to be without Vince Wilfork for the rest of this season, which leaves some space on the defensive line for the running game to shine.

The guy I'd pick is Gibson, who had an absolutely terrible spring and most of the summer and was inactive for the first part of the 2017 season. Gibson had trouble catching the ball as a rookie, which is obviously a problem but it's a problem he can fix. What he does have is speed and that just can't be taught.
