Three towering screens flashed footage of young Asian men typing excitedly at computers. By the time I had oriented myself in front of the empty stadium, the orchestra had stopped playing and was looking on in polite appreciation. Above me, on stage, striding out of a bank of fog, a single guitarist clad in a light up white bodysuit and mask began to squeeze out a cascading solo on a white Gibson Flying V..

"I'm nervous. I couldn't believe I was actually pitching to him,"
Fernandez said. "The fact he looked at me and was smiling, we both knew what was going on. It can't be a mistake over lack of effort or

concentration, those mistakes just can't happen over and over and over. It's just not acceptable because it puts everyone in a really tough situation. I understand that it's a lot of young guys who haven't seen a lot of action out there, that's why we have to make them comfortable when things happen.

Outnumbering the defense helps not only the passing attack but also the running attack. The Wampus Attack's simple motion rule not only gives you a pre snap understanding of the defense but it also allows for an automatic changing of a play, silently, without the use of quarterback audibles. This simplifies the offense, reduces the quarterback's workload, and helps to lessen the odds of calling a "bad play.".
